Professional Summary

Full-Stack Software Developer with 3+ years of professional experience building web applications using JavaScript, TypeScript, React, Next.js, Python and SQL. Experienced across front-end and back-end development, REST APIs, responsive interfaces, databases and cloud deployments. Strong background in performance optimization, Git, Agile/Scrum and modern web architecture. Master of Information Technology graduate specialized in Web & Mobile Development.

Technical Skills

Programming Languages: JavaScript (ES6+), TypeScript, Python, SQL, HTML5, CSS3
Front-End: React.js, Next.js, Tailwind CSS, Responsive Design, SPA, SSR, React Hooks, Context API
Back-End & APIs: Node.js, REST APIs, API Integration, Next.js API Routes, Server-Side Development
Databases: PostgreSQL, SQL, Supabase, Relational Databases, Database Design
Authentication: Supabase Auth, Authentication & Authorization
Testing & Quality: Jest, Cypress, Postman, Debugging, API Testing
Cloud & DevOps: AWS, Vercel, Docker, CI/CD, GitHub Actions
Tools & Version Control: Git, GitHub, VS Code
CMS: WordPress, Shopify
Methodologies: Agile, Scrum, SDLC
Performance: Core Web Vitals, Web Performance Optimization

Professional Experience

Full-Stack Developer

Jan 2022 - Aug 2024

Leadster

Brazil

- Developed and maintained web applications using **JavaScript**, **TypeScript**, **React**, **Next.js** and **Python**, building reusable and responsive UI components.
- Built **SPA** and **SSR** applications, implementing **React** state management, dynamic routing and server-side functionality with **Next.js**.
- Integrated applications with **REST APIs** and **backend services**, supporting data-driven features and third-party integrations.
- Used **Python** and **SQL** for scripting, data processing, automation and application-related development tasks.
- Maintained and modernized existing **HTML**, **CSS**, **JavaScript** and **WordPress** applications, improving **Core Web Vitals**, **performance** and responsiveness.
- Used **Git** and **GitHub** for version control and collaborated with cross-functional teams through **Agile/Scrum** development workflows.

Web Developer

Dec 2020 - Jan 2022

Casa Do No Break

Brazil

- Developed and maintained responsive web applications using **HTML5**, **CSS3**, **JavaScript** and **WordPress** across desktop and mobile devices.
- Implemented interactive functionality, debugged front-end issues and improved **usability**, **performance** and **cross-browser compatibility**.
- Translated business requirements into technical solutions and maintained website content, product information and digital integrations.

Education

Master of Information Technology in Web & Mobile

Aug 2024 - Jun 2026

Development

Kaplan Business School

Key areas: Front-End Development, Software Engineering Principles, Agile & Scrum, Python & SQL, Web Application Architecture.

Languages

English - Professional Proficiency
